OUTLINE PROGRAMME

CANTERBURY

Hosted by farmers for farmers, with input from dairy sector specialists, Pasture Summit events are for sharing ideas and developments on achieving profitable dairy food production and showcasing outstanding dairy farmers and farm businesses.

We're in the business of turning grass into milk, and milk into cash - it's our key competitive advantage. Our host farmers have a passion for learning and for upskilling themselves and their staff. They are focused on and are achieving very strong bottom-line financial performance and growth. They will present their costs and returns and discuss their farm management strategy to drive profit now and into the future.

Thursday, 26th November 2026 | 9:30am - 2:45pm
